## BUILDING TRADES STRIKE MAY BE QUICKLY ENDED

CHICAGO, July 19.—Hope of ending the building trades' strike was forecast today when it was announced that a delegation of members of the building trades' council will seek an audience with the contractors who locked the men out in an effort to bring about an agreement. Simon O'Donnell, their president, was authorized to appoint five members from disinterested trades to act on the committee. The committee will be appointed today.

Construction work, already badly crippled, will be at a standstill by nightfall, as a result of the enforcement of the ultimatum of the Building Construction Employers' association, which became effective at 8 o'clock yesterday morning.

More than 100,000 men now are idle and this number will be greatly increased when the various supply companies join the builders and cease delivery of material.

The order to stop came when 20,000 building trades unionists, including 16,000 carpenters, greeted with defiance the ultimatum of the association.

## Crown Princess To Visit Prince At Weirengen

LONDON, July 18.—The former German crown princess, Cecilia, will visit the island of Weirengen, where the former crown prince is living, it was semi-officially announced today at The Hague, according to a Central News dispatch.

Divorce proceedings were said to have been begun by the former Princess Cecilia in April, according to a Zurich dispatch. There has been nothing to show, however, that papers in the case ever were filed, although a statement giving alleged incidents of cruelty was issued by the former princess' mother, the former Grand duchess Anastasia of Mecklenburg-Schwerin.

Earlier dispatches from Berlin to Zurich reported the former crown prince had begun divorce proceedings, but this also remained unconfirmed. The former crown prince and the former Princess Cecilia were married in June 1905. They have five children, the youngest four years old.

## FRENCH LABOR RESCINDS CALL FOR BIG STRIKE

PARIS, July 19.—It was announced early this morning by the executive committee of the General Federation of Labor that it had been decided to rescind the call for Monday's general strike.

The announcement followed a meeting of the committee which lasted until after midnight.

"In view of the vote in the chamber of deputies yesterday," the announcement said, "which showed that the chamber at length has heard the voice of the working classes and has condemned the government's economic policies and measures in regard to demobilization, the general strike for Monday will not be called. Amnesty has been decided upon by the government under the threat of the 'projected movement'."

The national committee of the federation will meet here Monday to reconsider the whole situation. Condemnation of the government's economic policy in the chamber last night was by a vote of 227 to 213. Victor Boret, the food minister, declared in the lobby after the session that he would resign but did not consider the action of the chamber as affecting any but his department because the entire policy of the government was not involved in the debate.

The vote was taken after a rather confused debate in which interpellations were made by different groups. It was held that the increase in the cost of living was due largely to the errors in the government policy, lack of firmness in dealing with food profiteers, high custom duties, insufficient effort to stimulate production, and inefficient distribution.

Minister Boret, in replying to the interpellations, said that the lower cost of living in other allied countries was due in part to the fact that none had suffered as much as France in the reduction of producing capacity. France, he said, had lost 1,500,000 workers dead and several hundred thousand incapacitated. He declared the situation was further complicated by "a wave of laziness which is momentarily sweeping over the country."

## 27 KILLED IN A FIGHT WITH YAQUI INDIANS

NOGALES, Ariz., July 19.—Twenty-seven were killed during a fight Thursday morning between bandits and the garrison at Potam, Sonora, 475 kilometers south of here on the Southern Pacific de Mexico railroad, according to American and British passengers who arrived here today. They said the attacking band was composed of "broncho" Yaqui Indians.

The attacking force was reported to have numbered 500 while the town was defended by forty federal troops, composed largely of Yaqui Indians. They were reinforced by a number of Chinese and Mexican farmers living near Potam who sought shelter in the adobe fort which protected the town. Of the total number killed, 16 were defenders of the town and eleven of the attacking force, according to the refugees. The losses among the defenders would have been heavier except for the fort and trenches.

After repulsing the attack with two machine guns from behind breastworks, the town's defenders pursued the band and another engagement occurred two miles from Potam. Casualties at this fight were unknown. General Juan Torres, federal commander, arrived at Potam yesterday from La Mesa and is directing the pursuit of the band in the mountains. No fear is entertained here for the American settlers in the Yaqui delta country and to the south of Potam as the Yaqui river is running bank full of water and that bandits cannot cross for several weeks. There were no Americans at Potam.

Because of the Potam attack, the north bound passenger train for the border was held at Esperanza Thursday until a troop train was sent ahead of it. The passengers, including American and British mining men, visited the scene of the fight at Potam and said upon their arrival there they found empty cartridge shells used by the attacking force, all new and of American manufacture, they said. Reports have been in circulation here that the Yaqui Indians were smuggling ammunition into Mexico near Nogales.

Smith, Gerber, Sisler. Three-base hits—Murphy, Bronkie 2, Mayer, Shanks. Home runs—Rice, Menoskey 2. Sacrifice hit—Janvryn. Sacrifice fly—Erickson. Left on bases—Washington 10, St. Louis 12. Bases on balls—Off Erickson 4, Shaw 1, Wright 1, Liefeld 1, Gallia 4, Shocker 1. Hits—Off Wright 3 in 0 (none out in first; Liefeld 1 in 2, Erickson 11 in 6 1-3, Kouss 3 in 0 (pitched to three batters); Gallia 4 in 5. Hit by pitcher—By Gallia (Murphy), by Erickson (Tobin). Struck out—By Erickson 3, Shaw 4, Liefeld 1, Gallia 4, Shocker 1. Winning pitcher—Erickson. Losing pitcher—Wright.

Miss Carrie B. Neely of Chicago, the 1918 women's champion, will oppose Miss Corinne Gould of St. Louis for the women's singles title. The women's doubles matches were advanced only to the semi-final bracket yesterday, and mixed doubles got a delayed start.

## Do your Jams and Jellies ever "Candy"?

Many women have been so discouraged by this trouble that they have almost stopped putting up fruit.

Yet, there is an easy, simple way to avoid it. Use  $\frac{1}{2}$  Karo (Red Label) and  $\frac{1}{2}$  sugar in your preserving syrup, instead of sugar alone.

Karo is a fine, clear syrup, with a natural affinity for the juices of the fruit.

It blends the sugar with the fruit juice—brings out all the "fruity" flavor.

You, too, will obtain perfect results this summer if you will use  $\frac{1}{2}$  Karo (Red Label) and  $\frac{1}{2}$  sugar instead of all sugar for preserving.

You will find your jelly clear and firm—your preserves rich with heavy syrup—your jams deliciously mellow and "fruity". Not a sign of "candyng".

For Cooking, Baking and Candy-Making Karo (Red Label) is used in millions of homes. In all cooking and baking recipes use Karo instead of sugar. It is sweet, of delicate flavor, and brings out the natural flavor of the food.
